

Athletics – Student Life Collaboration
For Day Students

As of September 19, 2022

CSD Youth Athletics and Student Life Middle School are working together tirelessly to make your lives easier. To be clear of expectations, CSD Youth Athletics are responsible for the day students since communications to families about our middle school games and practices comes from the Youth Athletic Coordinator, Tristan Boren. Student Life Middle School will do our best to accommodate your child at the cottages in the afternoons before 4:50pm. Your child's stay in the cottages are considered a privilege. Student Life will allow day students to stay in the cottages right after school for practice. We will need you to pick your child up by 4:45pm after practice ends. Please let Tristan Boren know if you are running late and please be on time.

If your child does not follow cottage expectations nor listen to cottage counselors, we will communicate with parents, coaches and youth athletic coordinator along with a meeting of verbal warning to your child. If your child continues not to comply with cottage expectations nor listen to cottage counselors after the first meeting of warning, he or she will not be allowed in the cottage for the remainder of the current sport season, a possible removal from the team or he or she will have to stay with the coach or Youth Athletic Coordinator until practice or game starts.

Parents are responsible to pick up their child immediately after practices and games. Youth Athletic Coordinator is responsible to communicate with families of our athletic schedule. If any situation arises, the Youth Athletic Coordinator or the coach will let the cottage counselors know if the student's parents are running late for pick-up. We are not responsible to provide dinner meal for your child and it will impact the Student Life program if you do not pick your child up on time after practice and game.

I understand that my child will follow cottage expectations and listen to the cottage counselors while he or she is staying in the cottage prior to practice and games. I will communicate with Tristan Boren if I am running late to pick my child up. I will do my best to be on time to pick up my child from practices and games.

Parent/Guardian signature: _____

Please give this to Holly Bullard, Supervisor of Residence Programs, Elementary and Middle School. Any questions, feel free to email HBullard@csdf-cde.ca.gov.

Thanks!
