TO: The parents/guardians of

FROM:

DATE:

Enclosed is a Summary Report from our initial observation of skills listed in the Student Development Framework at the New Mexico School for the Deaf. This report summarizes your child's strengths and weaknesses as noted during their first three weeks in the cottage.

You can be proud of your child's strengths and commend them for their skills.

Weak areas will be addressed throughout the year in after-school programming in the cottage. Specific goals for the year for your child are indicated at the end of the summary report. Your support and reinforcement will be valuable in helping your child develop these skills at home as well as at school.

Every nine weeks you will be receiving a status report indicating your child's progress towards his/her SDF goals. Please feel free to communicate with cottage staffs about progress your child is showing at home or areas which you would like to incorporate for your child's goals.
