

June 2024:

Summer is here for some of you and for others, it is just around the corner. In just one year, we are hosting our next NSLDHH conference at FSDB. I can feel the excitement building up, as it is one of my all-time favorite things to do-seeing all of you there! I promise you this newsletter will be short and sweet, as many of us are looking forward to a well-deserved break.

This summer our goal is to get our 2025 conference registration up and running. Be on the lookout for it, along with some information. For example, you will have the option to stay at FSDB campus at no cost, or if preferred, stay at nearby hotels at your expense. Three things I ask of you to think about or do during the summer.

- First, think about someone you would recommend to give informative workshops or if you are interested in giving workshops, please keep an eye for call of presenters.
- Secondly, we will soon post for nominations for Frank Turk Awards. If your team see one particular team member that is outstanding and has done lot of services, please consider nominating that person for Frank Turk Award. The criteria is on the website under Resources or see link below.
- Last, for those of you who already went to NSLDHH conferences, please spread the word and encourage your colleagues, administrators, to come and attend our conference. Our goal is to encourage people to come to our conference to learn, to share information and ideas with each other, and of course to rekindle friendship and to make new one.

Until then, have a wonderful summer. Enjoy the long daylight, warm weather, and occasionally some thunderstorms. We will continue our newsletters in the fall.

Dr. Eva Hartmann  
NSLDHH Board President
